1. INTRODUCTION AND LEGISLATIVE BACKGROUND

The Municipal Systems Act 32, 2000 (Act No. 32 of 2000) mandates Municipalities to review Integrated Development Plans annually in accordance with an assessment of its performance measurements. Integrated Development Plan is therefore defined as a: “principal strategic planning instrument which guides and informs all planning and development, and all decisions with regard to planning, management and development, in the municipality” Municipal Systems Act 32, 2000, Chapter 5 section 35 1(a).

Integrated Development Plan plays a pivotal role in informing all planning processes of the other spheres of government (National and Provincial) as well as all state owned enterprises, which implies a dire need for joint and coordinated effort by these parties in the IDP development processes. It is therefore essential that IDP must be formulated in accordance with a business plan, detailing roles and responsibilities, time frames and cost estimates, to ensure that the Integrated Development Plans gives effect to the Constitutional mandate.

The Municipal Finance Management Act 56, 2003 requires a municipal council to review the Integrated Development annually. The review of IDP should consider past financial and budgetary performance and changing circumstances. The council is therefore required to amend IDP based on its annual review.

Integrated planning helps local government transcends its traditional service delivery functions to cope with the contemporary and pressing demand that it plays as an active development role. It is the principal strategic instrument guiding all planning, management, investment, development and implementation of decisions in the medium-term, taking into account inputs from all stakeholders, including the community and elected public representatives.

According to the Constitution (section 152 and 153), local government is in charge of the development process of the municipality, and it is in charge of municipal planning. The Constitutional mandate relate its management, budgeting and planning functions to its objectives gives a clear indication of the intended purpose of municipal integrated development planning:

- To ensure sustainable provision of services;
- To promote social and economic development;
- To promote a safe and healthy environment;
- To give priority to the basic needs of communities; and
- To encourage involvement of communities.

In terms of Chapter 5 of the Municipal Systems Act, 2000, as amended and section 28 (1) requires that: Each municipal council must, within a prescribed period after the start of its elected term, adopt a process set out in writing to guide the planning, drafting, adoption and review of its integrated development plan for the development of the entire municipality that:-

- Consults the local community on the Process Plan;
- Gives Public Notice on the process the Municipality intended to follow

In terms of the core components of Integrated Development Plans, Chapter 5 and Section 26) of the Municipal Systems Act (2000) indicates that: An integrated development plan must be reflective.

- The Municipal council's vision for the long term development of the municipality with special emphasis on the municipality's most critical development and internal transformation needs;
- An assessment of the existing level of development in the municipality, which must include an identification of communities which do not have access to basic Municipal services;
- The council's development priorities and objectives for its elected term, including its local economic development aims and its internal transformation needs;
- The council's development strategies which must be aligned with any national and provincial sectoral plans and planning requirements binding on the municipality in terms of legislation;
- A spatial development framework which must include the provision of basic guidelines for land use management system of the municipality;
- The council's operational strategies;
- Applicable disaster management plans;
- A financial plan, which must include a budget projection for at least the next three years; and
- The key performance indicators and performance targets determined in terms of section 41.

2. PURPOSE OF THE IDP & BUDGET PROCESS PLAN

The purpose of formulating a Process Plan is to ensure the following:

- The Involvement of the local community in the development, implementation and review of the municipality's performance.
- To allow the community to participate in the setting of appropriate key performance indicators and performance targets for the municipality.
- To depict and commit on time frames for smooth running and sequence of activities,
- Cost estimates with dedicated involvement from specific role players in the municipality.

The Process Plan therefore aims to address the following aspects:

- Distribution of roles and responsibilities in the IDP Process;
- Organizational Structures / Institutional Arrangements for the IDP Process;
- Action Plan with time frames and resource requirements;
- Mechanisms and procedures for community and stakeholder participation; as well as mechanisms and procedures for alignment;

The Municipal Systems Act as promulgated in 2000 describes the various core processes that are essential to realizing a system of developmental local government. These aspects include participative governance, IDP, performance management and reporting, resource allocation and organizational change. These processes are linked into a single cycle at the local level that will align various sectoral initiatives from national and provincial government departments with municipalities own capacities and processes, including alignment with district initiatives.

Therefore, the purpose of this document is to outline the operational plan (an integrated Process plan) for the development of Integrated Development Plan for Tswelopele Local Municipality.

What is a Process Plan?

The Process Plan is a timetable for all the milestones and activities that will be realized to review the IDP in the context of the budget, Performance Management System, Spatial Development Framework and all other sector plans, with an emphasis to four core sector plans such as the Disaster Management Plan, the Financial Plan, Spatial Development Plan and the Institutional Management Plan. This Process Plan is based on the circumstances of Tswelopele Local Municipality, taking cognizance of the process plan requirements as outlined in the Municipal Systems Act (S 34) and guidelines for Integrated Development Planning.

In order to ensure certain minimum quality standards of the Integrated Development Plan, and a proper coordination between and within spheres of government, the preparation of the Process Plan has been regulated in the Municipal Systems Act (2000). The preparation of a Process Plan, which is in essence the IDP Process set out in writing, requires the adoption by Council.

This plan has to include the following:

- A programme specifying the time frames for the different planning steps;
- Appropriate mechanisms, processes and procedures for consultation and participation of local communities, sector departments, Stakeholders and other role players in the IDP Process;
- An indication of the organizational or institutional arrangements for the IDP Process;
- Binding Process and planning requirements, i.e. policy and legislation and Mechanisms and procedures for vertical and horizontal alignment.

Tswelopele Local Municipality IDP Process Plan has been aligned to Lejweleputswa District Municipality Framework Plan and legislative requirements. The Process Plan will be submitted to the Council for consideration and adoption, also to the MEC for COGTA. Draft and the final Integrated Development Plan & Budget will be sent to the aforementioned stakeholders at the end of the planning process.

3. INSTITUTIONAL ARRANGEMENTS

DISTRIBUTION OF ROLES AND RESPONSIBILITIES IN THE INTEGRATED DEVELOPMENT PLAN PROCESS

Tswelopele Municipal Council

The role of the Tswelopele Municipal Council will be:

- To adopt a process plan;
- Be responsible for the overall management and coordination of the planning process;
- Adopt and approve the final IDP and;
- Ensure that annual business plans, budget and related development activities are based on approved IDP.

The Executive Committee

- Manage through the Municipal Manager review process
- Recommend the IDP review process to the Council
- Recommend the IDP revisions to the Council
- Allocate resources for reviewing the IDP

The IDP Steering Committee

- The Municipal Manager
- The Chief Financial Officer
- The Director Technical Services
- The Director Community Services
- The Director Corporate Services
- Manager Strategic Services
- Representatives from IMATU and SAMWU
- Manager Budget and Revenue
- Manager Speakers office
- Public Participation Officer
- Internal Auditor
- Youth Development Officer
- Special Programmes Officer
- Disaster Management Officer
- Other officials as recommended by HOD's

The role of the Tswelopele Municipal IDP Steering Committee will be to:

- Provide terms of reference for all reviewing and planning activities
- Commission IDP planning studies, programs and projects
- Process, summarize and document outputs from subcommittees, teams etc.
- Recommend amendments to the contents of the IDP
- Prepare, facilitate and document meetings and workshops
- Ensure alignment and participation in the determination and prioritization of plans and programs in the spirit of cooperative governance.
- Prepare and submit report to the IDP Representative Forum

The IDP Representative Forum

While the need for broad public participation in the IDP Process is by no means underscored, it is also recognized that a smaller, purpose-made vehicle for more intensive public participation is required. The IDP Representative Forum is the structure which institutionalizes and guarantees representative participation in the IDP process. The selection of members to the IDP Representative Forum has to be based on criteria which will ensure the geographical, economic and social representation.

Thus the IDP Representative Forum comprising of the following members will be constituted:

- Mayor as the political head of the institution
- Members of the Executive Committee
- Ward Committee Chairpersons
- Heads of Departments
- Representatives from organized stakeholder groups (NGO's, CBO's, SMME's etc.)
- Other interested and affected parties identified from the broad public participation process such as community representatives (CPF and Taxi associations etc.).

The Mayor chairs this Forum. The IDP Representative Forum represents the interests of the community. It provides a vehicle for discussion and communication between all stakeholders. This Forum is intensively involved in the identification of needs, formulation of objectives and

strategies, identification of projects and formulation of the Spatial Development Framework. The Forum is also responsible for monitoring the implementation of the IDP. The Forum meets frequently through the course of the formulation of the IDP, to provide input. It is also expected to meet regularly after the IDP had been submitted to the MEC for Local Government to monitor progress made in the implementation of the IDP.

Ward Councilors

Ward councillors will play a pivotal role in the preparation of the IDP process, both in terms of the technical and community participation process. They will act as the main interface between the council and communities.

Primary responsibilities would include:

- Organizing public consultation and participation at ward level;
- Dissemination of the information from council to constituents and vice versa;
- Identification of issues and projects at a ward level;
- Participating in the approval and ongoing monitoring of approved IDP;
- Identify and encourage unorganized groups to participate in the IDP process.

The Municipal Manager and Manager Strategic Services Responsibilities

The Municipal Manager assisted by Manager Strategic Services will be responsible for overall management of the IDP process but remains accountable for the overall IDP process as dictated by Municipal Systems Act 2000. The Municipal Manager is responsible for spearheading the IDP, Budget, SDBIP & PMS Process within Tswelopele Local Municipality and ensuring coordination between councilors, officials and stakeholders in the process. In particular integrated planning, budgeting, monitoring service delivery performance is the responsibility of the accounting officer. Amongst others, the following responsibilities have been allocated to the Manager Strategic Services for the IDP Process:

- To ensure that the Process Plan is finalized and adopted by Council;
- To adjust the IDP according to the proposals of the MEC;
- To identify additional role-players to sit on the IDP Representative Forum;
- To ensure the continuous participation of role players;
- To monitor the participation of role players;
- To ensure documentation is prepared properly;
- To carry out the day-to-day management of the IDP process;
- To respond to comments and enquiries;
- To ensure alignment of the IDP with other IDP's within the District Municipality;
- To co-ordinate the inclusion of Sector Plans into the IDP documentation;
- To co-ordinate the inclusion of the Performance Management System (PMS) into the IDP;
- To submit the reviewed IDP to the relevant authorities.

Officials

The officials of Tswelopele Local Municipality will ultimately be responsible for the implementation of the IDP Process and as such will play a key role in the development of the IDP's specific activities that will be undertaken by the officials.

This would include:

- Provision of relevant technical and financial information;
- Development of strategies and project plans;
- Providing inputs regarding the financial and technical feasibility aspects of projects and strategies identified by committees.

Budget Steering Committee.

- Mayor
- Municipal Manager
- Chief Financial Officer
- Director Technical Services
- The Director Community Services
- The Director Corporate Services
- Manager Budget and Revenue
- Strategic Manager
- Budget Accountant
- Manager Technical Services
- PMU
- Other officials as recommended by HOD

In line with Municipal Budget and Reporting Regulations as issued by the National Treasury, the Municipality must establish a budget steering committee. This committee will be responsible for ensuring that the budget as well as the IDP processes are related and do comply with MFMA. Activities of this committee will be reported to the council regularly.

4. CODE OF CONDUCT FOR MEMBERS

- Meeting schedule (frequency and attendance) at least once for every phase
- Agenda, facilitation and documenting of meetings – IDP management
- Understanding by members of their roles and responsibilities in respect of their constituencies
- Feed back to constituents
- Require simple majority for decisions

6. PLANNING AND PUBLIC PARTICIPATION

The process to be undertaken based on IDP guidelines. The process will ensure that each phase complied with the required legislation and municipal needs and is within the municipality's available financial and human resources.

Preparation Phase	Adverts on Notice boards and municipal public places
Monitoring and Evaluation Phase	Representative Forum Meetings
Objectives, strategies and Projects Phase	Representative Forum Meetings
Reviewed IDP Phase	Public Hearings and Representative Forum Meetings
Approval Phase	Adverts on Notice boards and municipal public places Representative Forum Meetings Public Hearings

Analysis Phase

To ensure that decisions are based on:

- Community's priority needs and problems
- Knowledge on available and accessible resources
- Proper information and on a profound understanding of the dynamics influencing the development in a municipality.

Strategies Phase

To ensure that there is a broad inter-sectoral debate on the most appropriate ways and means of tackling priority issues. Consideration of policy guidelines and principles, available resources, inter-linkages, competing requirements and an agreed vision.

Project Phase

To ensure a smooth planning/delivery link by providing an opportunity for a detailed and concrete project planning process. This phase gives the sector specialists their appropriate roles in the planning process, thereby contributing to a smooth planning –implementation link.

Integration Phase

To ensure that the results of project planning are checked for their compliance with vision, objectives, strategies and resources and that they are all in harmony. Various sector plans are considered at this phase.

Approval Phase

To ensure that before adoption of IDP, Budget, SDBIP and PMS, all relevant stakeholders and interested parties, including other spheres of government have been given an opportunity to comment on the draft plan. The final IDP document with all inputs from various stakeholders incorporated into the report and with budget is tabled before Council for approval and adoption.
