LOCAL MUNICIPALITY  
A MUNICIPALITY IN PROGRESS

## Weather Alert: Warning of Possible Severe Storms

Communication 04. Apr.2024

Residents of Tswelopele Local Municipality are urged to be cautious on the roads and at their homes as the South African Weather Service (SAWS) has issued an Impact Based Warning Level 6 for possible severe thunderstorms. The warning is valid from Sunday, 07 April until Monday 08 April ,23H00.

Localised flash-floods can be expected in low-lying areas, roads and informal settlements. This could also result in difficult driving conditions due to reduced visibility. All road users are requested to take extra caution:

- Reduce speed
- Switch on your headlights
- Pedestrians should be careful when crossing the road
- Avoid crossing rivers and streams where water is above your ankles
- Stay indoors and avoid metal objects

We also urge households to open/make pathways to allow water to flow out of their yards.

In cases of emergency, residents should contact:

**Tswelopele Local Municipality: 051 853 1111**  
**Mr Mahlanyane:079 365 2382**

**Disaster Management Officer**  
**Mr Mambalo:083 587 6701**

Community members of Ext 5,6,7,8 & 9 in Phahameng & Tikwane Ext 3 & 5 are urged to be extra cautious in these severe rains.

Community members of Ext 5,6,7,8 & 9 in Phahameng are made aware that the schedule of refuse removal will also be disrupted due this severe storms.
